1. Talking about or making plans for suicide
2. Expressing hopelessness about the future
3. Displaying severe/overwhelming emotional pain or distress
4. Showing worrisome behavioral cues or changes in behavior, such as:
   - Withdrawal from or changing in social connections/situations
   - Changes in sleep (increased or decreased)
   - Anger or hostility that seems out of character or out of context
   - Recent increased agitation or irritability

If you are concerned about someone, reach out and ask: "Are you thinking about suicide?"
